## About Us

With an aim to offer our customers a qualitative range of engineering components of plastic material, the foundation stone of our company, Teekee Exports, was laid in the year 1998. With the guidance of the director, Mr. Kiran Shah, we have been actively working as a manufacturer and exporter, to provide our customers a various type of Wall Guard, Handrail & Corner Guard, PVC & Aluminium Coving, Wall Protector, Clean room item for Hospitals, Pharmaceutical, Hotel & Cold Storage etc...and allied products of unparalleled quality. With the changing technology and passing time, we have been continuously improving ourselves by incorporating newer technology in our business, thus evolving into a modern technological business center. Moreover, it is because of this state-of-the-art technology that we have been performing our business activities smoothly and sufficing the requirements of our customers without any hassle. Our long list of satisfied customers is the evidence of the quality work we provide them in the form of our products.

## Customer Satisfaction

Embracing the golden rule that states that to earn respect, one has to respect others first, we have always considered our customers as one of the strongest assets of our company. Their loyalty to us is the reason that we have been thriving in this competitive business line for over a couple of decades now. However, the love they give us has not come to us overnight. This is the result of sheer hard work that we have been doing since our emergence and offering our customers with allied products of unparalleled quality. Moreover, we ensure to maintain a feeling of mutual respect among all our business partners and us.
